19. The semesters are relatively equal in length. Christmas break is a little longer due to when Christmas day and New Year's Day fall Easter break is late April, which is about 3 weeks later. Please provide guidance on the calendar prior to next month's board meeting, where I hope to have the 2024-2025 calendar approved. Parking Lot Project We have recently had a meeting with the YMCA and architects and engineers to discuss the construction of a new parking lot on the west side of the tennis courts and YMCA building. The YMCA still has some funds to raise for the project to go through. We are currently working through usage agreements with our school attorney. Classroom space at the YMCA Potential expansion of space for classes or activities Gym usage at the YMCA Pool usage at the YMCA YMCA member and guest usage of the newly constructed parking lot YMCA usage of green space Maintenance obligations/agreements Extended day program usage Legislative Update LB 878 and LB 988 is legislation that we should keep an eye on because it has to do with the passing of bonds. LB 1415 would put 986 million dollars to be distributed to schools. This would mean the state has put a sales tax increase into place, and property taxes would be lowered. LB 1241 would force a school district's levy down if the valuations go up. I have not seen a new bill on this issue, but the governor is interested in a bill, possibly down the road, that would require 3rd grade students to pass a reading test before moving on to the next grade. This is an issue due to a multitude of reasons why a student may not pass a reading test in 3rd grade. He also made mention of past research that might make one believe that students who can't read at grade level in third grade are destined to fall behind their peers, which is not necessarily true. Meeting with Mid-Plains Community College Mr. Dickes, Mr. Curl and I had a productive meeting with several Mid-Plains Community College leaders. During our meeting we discussed several issues. Potential and current projects for both entities. Potential increases in dual credit course offerings on both campuses. Varied career pathway opportunities. Potential usage of the CAST building for welding instruction by MPS staff. Use of MPS facilities in academic areas where MCC may have future needs. Building stronger partnerships between MPS and MCC in multiple areas. The meeting went very well, and we believe that we have identified some areas of potential growth and collaboration to work towards. 7. This policy has been reviewed and approved by the policy-committee. I recommend the board of education approve this policy. 10. Positive Comments Jonathan Frank gave a big thanks for Bison days. He attended Taste of Texas BBQ and pickle ball. Scott Barger gave a huge shoutout to Bison days and thanked the administration for recruiting great staff. Tom Bredvick gave a positive comment on the valuable days of learning during this time of the school year and the teachers for all their work. He also thanked Teresa Thomas for all her years' service on the board of education. Teresa Thomas commented that last week was national counselors' week. She thanked all our counselors for all their hard work, Charlie McPherson said that Bison days is a huge success, and thanks all the staff and community for all their help. Jeff Gross' positive comments was the cooperation with MCC to host the B1 district wrestling tournament and to all the workers who pulled off a great event. It's brand new. We're the only school instructing this way for now.

I never knew this is how we can learn to fly.

TO CERTIFY PEOPLE FOR A LICENSE TO FLY, THE FLIGHT SCHOOL STARTED A NEW ---

Now arrange the circled letters to form the surprise answer, as suggested by the above cartoon.

(Answers tomorrow)

Tuesday's Jumbles: SORRY DRANK COMMIT SWEATY
Answer: The student handed in her spelling test and said, "I didn't do well..." — MARK MY WORDS
